

Dear Students,

In order for the start of the school year to proceed smoothly, we ask the students to come in prepared with their supplies ready for use in the classroom. These things include:

1. Label all notebooks and folders with your name, your homeroom number and the subject. You will need a composition book for every subject except Social Studies and History/Geography. Label the front and the side bindings of these composition books with the subject name. Please label your lunch boxes with your name and homeroom number.
2. All pencils, marker boxes, and supplies need to be out of the packages and ready for use. (For example, Sharpie markers are to be removed from the packaging and labeled with your name. Colored pencils and markers may remain in the packages with your name on the outside of the package.)
3. Your expandable is to have all of the subjects labeled *before you arrive on the first day of school*. Starting from the front pocket, label your expandable in the order listed below.

Grade 6: Label the Expandable

Third Pocket: Math

Thank you for your consideration in this matter. Have a nice summer.
